

In Exercises 1–3, use the diagram below.

1. Name two points.	2. Name two lines.	3. Name the plane that contains point A , B , and E .
---------------------	--------------------	---

In Exercises 4–7, use the diagram.

4. Give one other name for \overleftrightarrow{MN}	5. Name three points that are collinear.
6. Name three points that are coplanar.	7. Name a point that is <i>not</i> coplanar with points N , P , and V .

In Exercises 8–10, sketch the figure described.

8. \overleftrightarrow{CD} and plane X not intersecting	9. Lines a , b , and c intersecting at three points	10. \overline{GM} and \overleftrightarrow{GH}
---	---	---

In Exercises 14–17, use the diagram.

11. Name a point that is coplanar with points A , D , and G .
12. Name the intersection of plane HEG and plane DFE .
13. Name a point that is collinear with B and H .
14. Name a point that is *not* coplanar with points C , E , and M .
